

## Badger Sports Camps

### Group/Team registration process

Thank you for your interest in our Badger Sports Camps. Please see the information below to learn how to register your team for one of our team camps:

**1. Group Request**

The coach/parent/coordinator that will serve as our Team Contact for the team wanting to register should visit us at <http://uwcamp.com>. Click on **REGISTER NOW**, then Click on “Group Hold Request”. Enter the requested information to complete the group hold request process.

**2. Approval of Request**

Once the Badger Sports Camps Administrative office has received the request for a group registration we will assign a Group Hold ID and approve the request assuming the required space remains available in the camp session. In the event that space is not available, the group will be placed on a wait list for that team camp.

**3. Individual registrations**

Once the Group Hold ID has been assigned and approved, the Badger Sports Camps Administrative Office will communicate the Group Hold ID and necessary registration information to the individual making the group hold request. At that point, the group will be directed to have their individual participants visit us at <http://uwcamp.com>, click on **REGISTER NOW**, and complete the process as an individual. The individual participant request will prompt them for a Group Registration ID, at which point they should input the assigned code that has been given to their group contact.

It is imperative that the individual making the request do so through our [Group Hold Request](#) icon and subsequent individual registrants complete the process using our individual [Summer Camp Registration](#) icon, utilizing their respective Group Registration ID.

**\*\*Team Camp Payment and Registration Policy\*\***

Once the Group Hold ID has been approved, full payment is due within 2 weeks for those organizations making payment. Payment may be made online or by check via mail. Final payment and individual registrant information (including the required health and concussion forms) are due no later than **30 days prior to the camp session.**

Questions about the registration process can be sent to [badgercamps@athletics.wisc.edu](mailto:badgercamps@athletics.wisc.edu).
